RE: Bradley Park Relocations Pipelines 3 & 4

Dear Mr. Roberts:

Per my conversation with Ms. Sabine Knedik of your office, the San Diego County Water Authority requests this letter be placed in your general and technical files as part of the record.

The Water Authority's construction contractor on the Bradley Park project, Colich Construction, is required to provide treatment for groundwater pumped before discharging to San Marcos Creek. The Water Authority informed Colich Construction of the November failed tests and responsibility for possible fines. The contractor determined that filter canisters within their on-site treatment system needed changing. Unfortunately, Colich Construction did not identify and resolve the problem before the next set of tests was taken in December, resulting in four violations for which the mandatory \$12,000 fine was levied.

Please find attached a \$12,000 payment and Waiver form for the subject complaint.

Sincerely,

*Gary W. Bousquet*
